

MAGA Update 1

Well, he won the election! Fair and square! I still can't believe that many people bought into his BS, but they did. He has scammed his way into the White House again. He got just as many voters this time around as he did back in 2020. So that means about 12 million people who voted for Biden in 2020, didn't come out to vote for Harris. Shame on them!

I'm extremely disappointed as I'm sure many of you are. Now we have to suffer through four years of him trying to be a dictator in a democracy. The alternative is to move to another country for four years and then come back. That's not an option for most of us, so I'll stay and try to look on the bright side.

I'll try to keep up with the craziness as it unfolds and report it to you as possible. Let's look at what he's doing already during the transition, He's trying to bypass the Senate Confirmation process for his Cabinet Appointees, using the "Recess" option. We can only hope the Senate doesn't shut down just because he wants them to. The next thing he wants to do is deport millions of illegal immigrants, starting with the convicted criminals. I agree with his idea but I'm not sure about his methods. Especially if he tries to use the military to carry it out. We'll have to wait and see on that until he takes office.

Now that he has sold out part of our democracy to Elon Musk, it's only a matter of time before he sells out the rest of our institutions to other billionaires. Beware! America is now up for sale to the highest bidder for everything from Presidential Pardons to Government Contractors and more!

Breaking news! Matt Gaetz, the accused "Sex Trafficker" has been picked by Trump to be his Attorney General! He'll no doubt make all Democratic investigations go away if confirmed.

His other picks are just as bad and unqualified. A Fox News Anchor, Pete Hegseth for Secretary of Defense, and a former House Democrat, Tulsi Gabbard for head of National Intelligence.

He also picked Mike Huckabee, former governor of Arkansas as Ambassador to Israel. Huckabee said back in 2016, “There is no such thing as a Palastinian”. I guess we know who’s side he’ll be on in that conflict.

In other news, it’s been reported that Trump and Musk were both on a call to Urkrainian President Zelenskyy to discuss the ongoing war with Russia there. It’s unclear what role Elon Musk will have in the Trump Administration, but as the richest man on earth, he’s got his eye on a few things I’m sure.

That’s it for now, keep checking back often to this website for more MAGA Updates!
